NEW PLASTIC

Low odour solvent polyurethane resin based wood varnish.
It comes colourless, glossy and mat, and in six natural wood glossy colour shades: mahogany, teak, walnut, dark walnut, pine and douglas.
New Plastic is an easy to use interior and exterior finish which is extremely tough and durable and can be applied on all kind of wood to enhance and preserve its natural beauty.
Provides excellent protection for floors, doors, furniture, skirting boards, boats, marine constructions and working surfaces.
